Program Goals

The Certificate in Entrepreneurship is open to all students at Washburn University. The program provides basic understanding of entrepreneurship as well as opportunity to further develop the students' understanding and skills in the study and practice of entrepreneurship. The program is designed for the student who seeks to be an entrepreneur in a start-up venture, operate a family business, or champion an entrepreneurial project within a corporate setting. Companies want to hire graduates with initiative and who show entrepreneurial characteristics. Students who display entrepreneurial characteristics can add more value to their companies, eventually start their own business, and contribute to the overall success of the economy.

Specific Requirements

The certificate program requires four three-credit-hour courses for non-business students for a total of twelve credit-hours, including two required core courses, BU 115 and BU 260, and two elective courses from the list of approved electives. For students in the BBA program, BU 260 and two electives are required.
