PROGRAM DESCRIPTION

The MA in Human Services/Addictions Counseling is approved by NAADAC and the Kansas Behavioral Sciences Regulatory Board. We prepare students to become Licensed Master's Addiction Counselors (LMAC) and Licensed Clinical Addiction Counselors (LCAC) with a holistic, integrative approach to their work. Course work emphasizes the application of theory and research to the delivery of human services with an emphasis in addiction counseling. The Master's degree is offered entirely online, with fieldwork in the student's own community.

ADMISSION REQUIREMENTS AND PROCESSES

Admission Levels:

There are four levels of admission to the program:

Regular Student Standing

Applicants seeking Regular Standing as degree-seeking students in the program should use the application procedures detailed throughout this packet. Minimum requirements for Regular Standing status include the following:

- Earned* Bachelor's degree, preferably in Human Services or a related field (e.g., Social Work, Psychology, Nursing, etc.) from an accredited institution of higher education.
- Overall GPA of 3.0 (on a 4.0 scale) over the last two years (60 credits) of university coursework.
- Demonstration of personal and intellectual qualities necessary to successfully pursue course and fieldwork, and potential for professional development in human services.
- Submission of all application materials by the deadline printed on the front page of this packet.

*Students who are accepted as Regular Standing students while finishing the final stages of a Bachelor's degree will automatically have their admissions status revoked if they fail to earn the expected degree by the time MA courses begin. They may then be eligible for Provisional Standing, at the discretion of the Human Services Department.

Non-Degree Seeking Student Standing

Depending on availability of space, students who are not formally admitted to the MA in Human Services program may be allowed to enroll in specific courses as a non-degree seeking student under the following conditions:

- A person with a master's degree in a helping profession who wants to take specific coursework for purposes of professional development or to satisfy license requirements.
- Other conditions as approved by the Human Services Department.

Provisional Student Standing

Depending on availability of space, applicants may be granted provisional status by the HS Admissions Committee for the following reasons:

- An applicant may be denied admission as a regular-standing student, but invited by the Admissions Committee to take specific courses in order to demonstrate their capacity for success in graduate work.
- An applicant may miss the application deadline for a full committee review, but be invited to take specific courses in order demonstrate their capacity for success in graduate work.

Provisional Standing students may be limited to part-time enrollment.

In order to be promoted to Regular Standing, a Provisional Standing student must complete their first semester with a minimum requirement of a 3.0 GPA, no grades below a C, and the recommendation of instructors who are familiar with the student's performance in the program. Promotion to Regular Standing will require approval of the MA Coordinator and Department Chair.

Early Entry Student Standing

Washburn University students who are or will be in their senior year (at least 88 credit hours complete) of a Baccalaureate degree in a Helping Profession (e.g. Human Services, Psychology, Social Work, Nursing, etc.) can apply for early-entry into MA program coursework and take up to 6 credit hours of graduate coursework *in addition* to the courses required for completing the undergraduate degree. **This is not the same as**

being admitted to the MA program. Minimum requirements for Early Entry Standing include the following:

- Brief letter of interest to the Program Coordinator
- Overall GPA of 3.0 (on a 4.0 scale) over the last two years (60 credits) of university coursework.
- Demonstration of personal and intellectual qualities necessary to successfully pursue course and fieldwork, and potential for professional development in human services.

Early Entry Standing will require approval of the HS Graduate Admissions Committee.

Application Process

Specific application instructions are included in the last pages of this manual.

Transfer of Academic Credits

Students who are admitted to the MA Program may request to transfer relevant graduate course work from another accredited university or Washburn University department. These will be considered on a case-by-case basis. The applicant must have received a grade of “B” or better in the course(s) being considered for transfer. The applicant must submit a course syllabus to the program coordinator, who may request additional materials as needed. If an applicant wishes to request transfer of graduate credit, one of the required reference letters must be from the director or department chair of the program from which credit is requested. If credit is requested for a practicum, one of the required reference letters must be from the practicum site supervisor. The Human Services department faculty will assess the equivalence of content of the course to our own curriculum. A maximum of 12 credits can be applied to the degree, and they must have been taken within 6 years immediately previous to the expected date of graduation with the MA degree. Washburn University is not able to guarantee that the transfer credits it accepts for its MA in Human Services program will be accepted by the Kansas BSRB for the LCAC, as the BSRB is its own separate entity with its own policies and procedures. Students who have questions about whether transfer courses will count for licensure purposes should contact the BSRB directly.

Applicants should be aware that the transfer of credit could impact their eligibility for financial aid if they drop below full-time status in a given semester. Please contact the financial aid office directly for more information.

The Washburn University Master of Arts in Human Services Program does not award college credit for life/work experiences.

Advising and Registration

Upon admission to the Master of Arts in Human Services program, students will be advised by Human Services department faculty, who will assist students with selecting and scheduling courses.

Graduate students in the Human Services Department are not permitted to enroll in any undergraduate course work without written permission from their Human Services Department faculty advisor. Students who violate this rule may be administratively withdrawn.

Degree Requirements

Continuous enrollment in the MA program is expected. Continuous enrollment requires satisfactory completion of course work with at least a 3.0 GPA per semester. If the student discontinues enrollment for two semesters or more, readmission is required. Contact the program coordinator for instructions. Should readmission be granted, it will be based on the requirements and regulations effective at the time of readmission. If a student drops out of sequence from his/her cohort due to discontinuing enrollment for a semester or two, the program will take longer to complete due to the sequential nature of

course offerings.

All students are required to maintain at least a “B” (3.0) grade point average in their coursework per semester. Moreover, students are allowed only two letter grades of “C” during their graduate studies. Students who receive a letter grade below “C” may be administratively withdrawn from the program.

There are several deadlines that must be met in regards to graduation. It is the student's responsibility to see that all forms are filed and all deadlines are met. Students may obtain a copy of graduation deadlines for the semester in which they will graduate from the University Registrar's Office. Students must regularly check their Washburn email for important announcements from the university.

After students have completed the required graduation forms, recommendation that a Master of Arts in Human Services be granted must be submitted by the faculty of the department to the Dean of the School of Applied Studies, the University Administration, and the Washburn University Board of Regents.

Time to Complete Program

Students have six years from the semester they start the program to finish all program requirements. If a student exceeds this time limit, they may petition the department to continue in the program. The department will review their transcript and may require the student to re-take courses that are deemed out-of-date.

Coursework

The MA in Human Services degree program is a two (2) year program (for full-time students) requiring a minimum of 36 credit hours of coursework. Of the 36 required credit hours, 30 credit hours are required coursework and 6 credit hours may be selected from electives. Students who successfully complete our core curriculum, plus the two electives marked with an asterisk (*), will have met the *coursework* requirements for licensure with the Kansas BSRB (other requirements are discussed later in this manual).

4. HS 665 – Integrative Residential Experience-Special Topic Seminar
5. HS 679 – Narrative Practices

Practicum Placement Requirements

Students must complete the required practicum courses through placement at approved practicum sites in order to earn the Master's Degree. Many students from widely varying backgrounds, including students with criminal records or a history of personal mental health or addictions treatment, will be able to successfully complete approved field placements. However, the Human Services Department reserves the right to not place a student at an agency in which the student has an existing or potential conflict of interest, including, but not limited to, dual relationships with an agency supervisor. The Human Services Department may also share information about a student with a potential practicum agency if we have reason to believe this information is directly relevant to the safety and quality of services the individual can provide in that particular setting. Finally, most practicum sites conduct criminal background checks, and have full and independent discretion regarding whether or not to accept a student. Occasionally, students with particular types of criminal records (e.g. crimes against persons, fraudulent service-provision) may find it difficult, or even impossible, to secure placement at an approved site. The Human Services Department cannot force agencies to accept students, and we cannot grant a degree to a student who has not completed the approved practicum experiences.
