Page 2, Q6. What features of the LMS have you had difficulty using? Check all that apply.

1	I do not like how I cannot view my class before the semester begins unlike regular course list. I like to get the files printed and see the member list before the first day of class. I feel unprepared using angel.	May 2, 2012 9:32 AM
2	Difficulties I have encountered have been to my technical ineptitude.	May 2, 2012 8:42 AM

Page 2, Q7. What is the greatest challenge you have encountered in using the current LMS?

1	Lack of access to materials from previous semesters which was available with the previous LMS.	May 3, 2012 4:29 PM
2	Picture and video did not download correctly	May 2, 2012 2:36 PM

Page 2, Q8. What do you particularly like about the ANGEL LMS?

1	It is easy to use	May 17, 2012 9:32 AM
2	The fact that we can see the grades at the bottom of the course homepage.	May 15, 2012 1:46 PM
3	I like everything about ANGEL.	May 3, 2012 2:32 PM
4	It was simple to learn and easy to navigate.	May 3, 2012 8:58 AM
5	Being able to check my grades. I also enjoy that my test grades are immediately calculated into my overall grade.	May 2, 2012 2:36 PM
6	The ability to have all of the information needed as soon as professors upload it.	May 2, 2012 10:11 AM
7	I can view my grades	May 2, 2012 9:32 AM
8	grade updating, multimedia function	May 1, 2012 8:55 AM
9	The fact that it helps with online course structure	May 1, 2012 8:15 AM

Page 2, Q9. What do you particularly dislike about the ANGEL LMS?

1	It seems like it is down a lot	May 17, 2012 9:32 AM
2	Hard to maneuver on a mobile phone	May 15, 2012 1:46 PM
3	I have never had any problems with it since Washburn started using it.	May 3, 2012 2:32 PM
4	I have been unable to post pictures in the online discussions.	May 3, 2012 8:58 AM
5	I did not like having to click several different things to get to one item. For example. I want to check my grades and I have to click on "reports", then "grades", then "run", and then "run" again. It was a hassle.	May 2, 2012 2:36 PM
6	Professors did not always upload information in a "timely" manor. This was not an ANGEL problem, however if the professor had trouble it was a huge issue. There should have had a "VIEW GRADES" section where all of the grades were listed for the semester for the students to look at the grades without needing to log all of the way in.	May 2, 2012 10:11 AM
7	navigation	May 2, 2012 9:32 AM
8	too many clicks to reach destination - rigid structure	May 1, 2012 8:55 AM
9	The grade portion needs to be a bit more informative. I'd like to see what my current grade is not just how many points I've accrued.	May 1, 2012 8:15 AM

Page 2, Q10. Which of the features would you like to see implemented in the new LMS? Check all that apply.

1	Ability to access information from previous semesters.	May 3, 2012 4:29 PM
2	I think most of the suggestions here would be even worse. I do not like my classes over-complicated with "cutting-edge" social media and technology.	May 2, 2012 9:32 AM

Page 2, Q11. Do you have specific recommendations for an LMS or educational technology that you would like to see WU implement?

1	no	May 3, 2012 2:32 PM
2	NOT blackboard. Blackboard is less user-friendly than Angel. I would NEVER take an online class if Blackboard was adopted.	May 2, 2012 9:32 AM
3	This is the only LMS I've used so I have nothing to compare it to.	May 1, 2012 8:15 AM
