

**2009 Ad Astra APSI Graduate Credit Option
Lesson Plan Outline**

Due on or before August 13, 2009 with the five page APSI paper to:

Dr. Sandy Tutwiler

sandy.tutwiler@washburn.edu

- I. **Lesson Plan Topic**
- II. **Goals and Objectives** (Short statements of what students will know and/or be able to do at the conclusion of the lesson).
 - List and identify subject matter/content knowledge objectives for the lesson.
 - List and identify skills/performance/application objectives
 - List and identify reasoning ability objectives
- III. **Lesson Content**
 - Write a paragraph summarizing the content for the lesson.
- IV. **Procedures**
 - What instructional approaches will be used for this lesson (i.e., explain what you will do and what students will do).
 - How many instructional periods will this lesson use?
- V. **Materials/Resources/Technology**
 - What materials, resources (human and others), and/or technology will be used for this lesson?
- VIII. **Assessment**
 - How will you assess student learning/performance? There should be a strategy for assessing all subject matter, skill/application, and/or reasoning objectives stated item II above.
