_____	_____
_____	_____

Please list departmental activities in which you participated last year.

Are you currently doing research? If so, what is your project and with which faculty person are you working? If not, have you completed your research?

If you answer no to the above, when do you plan to begin your research project?

Please briefly describe your career goals.

Application must be received by March 1 of the current academic year.
You must also complete a scholarship application with the Office of Financial Aid by February 15.
