Multi-national corporations

Social workers in the international arena identify social problems, make recommendations for social programs and implement change. They work on solutions to problems including educational, environmental, health, human rights injustices, business and agricultural.

Learn one or more foreign languages.
Plan to study, volunteer, or intern abroad more than one time if possible.
Seek cultural experiences on campus and get involved with the international student population.
Join relevant student organizations such as Amnesty International and gain leadership roles.
Participate in an international service learning experience or go on a mission trip.
Learn about federal job hiring procedures, and apply for a government internship to increase chances of finding a full-time position.
Research the international organization's/agency's structure and function.
Develop good working knowledge of international humanitarian law.
Demonstrate your depth of dedication, willingness to adapt, and coping mechanisms to combat stress and difficult situations.
Develop skills in the areas of organizing groups, efficiency, and the ability to calm people.
Consider earning a graduate degree in Social Work or related area to open more advanced job opportunities.

GENERAL INFORMATION

- Bachelor of Social Work (BSW) prepares individuals for entry-level direct practice.
 - Master of Social Work (MSW) is necessary to provide therapy and for advancement to supervisory or administrative positions.
 - Doctorate in Social Work (DSW) or Ph.D. usually required for positions in teaching, research, and administration. Advanced degrees are desirable for some clinical positions and private practice.
 - Complete a degree from a college or university program accredited by the Council on Social Work Education. Programs include practical field experience.
 - Most states require licensure, certification, or registration.
 - The National Association of Social Workers offers many specialized credentials that Social Workers can earn. Research these options after choosing a speciality area.
 - The field practicum is used to determine suitability for this profession and to provide exposure to various practice settings and clients.
 - Candidates should possess empathy for others, an appreciation for diversity, and an interest in social change.
 - Social workers serve a range of client systems (individuals, families, groups, communities) as they attempt to enhance social functioning.
 - Social work is unique given its dual focus on the person and the environment.
 - Join a social work organization while in school and seek leadership positions.
 - Look for ways to impact your community and get involved with local organizations and issues.
 - Update your resume as you acquire new accomplishments, skills, knowledge, and interests.
 - Learn a second language to better communicate with immigrant or migrant populations (particularly helpful in certain areas of the United States).
-
- Note: Much of this information was adapted from Choices: Careers in Social Work by the National Association of Social Workers.
