XV. The minutes of the Faculty Senate meeting of October 19, 2015 were approved.

XVI. President’s Opening Remarks:
• Thanks to our guests for bring here: Craig Barnes from Shawnee County Health and Blake Porter, Washburn Student Government Association (WSGA) President.
• Thanks to those who came to one of the Dean Forster talks about active shooter situations on campus.

XVII. Report from the Faculty Representative to the Board of Regents:
• Health care plan changes—there was not much of a change to the base plan though copays have changed; the buy-up plan costs increased fairly significantly.
• Local preference for contracts was discussed and reaffirmed once again.

XVIII. VPAA Update—Dr. Randy Pembrook:
• Dean Forster meetings: we need to create and discuss specific plans, especially regarding how we secure rooms. Do we want to have Forster instruct us more on this issue of preparedness (and then, given that, do we feel like we have an obligation to pass along information to our students)?
• Conceal and carry conversation: At Washburn Tech, a couple of issues came up regard control of the weapon during class and in the event required uniforms not allowing students to conceal weapons (since it might conflict with the law). Another issue that came up was establishing when a gun a weapon (if the gun isn’t operational, does it still have to be concealed/should it be included under the law?).
• Student honor code dinner coming up tonight: do we need an honor code? What might it include?
• What are we doing for adjunct faculty to make sure they’re represented and supported? On Wednesday night we’ll be having a focus group with some nominated individuals to address these issues.

XIX. Faculty Senate Committee Reports: NONE
XX. University Committee Reports:

XXII. New Business: None

XXIII. Information Items: None

XXIV. Discussion Items:
• A proposal for a smoking ban on campus passed last spring by WSGA (presented by Blake Porter, president WSGA). Russell wondered if this would apply to campus visitors (including parents). Porter noted that enforcement isn’t the purview of WSGA, but some campuses have used a Good Samaritan policy for not doing it, or providing tickets to violators. Some campuses have also worked on phasing out smoking over time. Ball asked if this year’s WSGA had talked about specific ways to honor this; Porter responded that it needs to be a broader university policy. Moddelmog wondered if this ban might hurt recruitment; Porter countered by noting that Pittsburg State has turned this into a recruitment tool. Craig Barnes also noted that seven public institutions in Kansas have banned it. Steinroetter wondered if this would apply to e-cigarettes; Porter said yes though the current language would have to be changed to reflect that. Francis wondered about the impact on neighborhoods around Washburn; Porter noted that he hadn’t considered this issue. Russell wanted to know where Porter would go from here; Porter wants Faculty Senate to move on it in some way. Porter noted that some schools, to help with this would also give out nicotine gum, and Barnes also said there were County services available to help with tobacco cessation, as well. Pembrook clarified that something like this should eventually get to the Board for approval and policy clarification. Steinroetter felt uncomfortable making a policy decision of any kind without finding out how faculty felt about it. Ball noted that a survey was sent out last year and while she didn’t have specific figures from it, the majority of faculty who reported back indicated they wanted a smoke-free campus. Wohl worried about enforcement and the right of a person to sit in her or his private vehicle and do what s/he wants. Jackson said among law school faculty, having clearly marked and delineated areas away from public areas is the preference. Francis said the law faculty also said that keeping our campus neighbors happy is key since parking issues already annoy them.

• Faculty office door policy in Morgan Hall (Ball). Ball spoke to Rick Anderson since this is under his purview. Ball said he indicated they don’t want stuff taped to doors but we don’t want to make a policy. Ball asked if we should push for a policy about what we can do with our doors or something else? Porta wondered if we could ask the person who wants the doors to be free of things to come before Senate and justify it. Ball thinks that since we’re advisory to the administration, the request wouldn’t work. Zwikstra asked for clarification of the policy. Steinroetter noted that it is being enforced; people will pull items posted on doors and push them underneath or present them forcefully to faculty.
Wohl seconded bringing the person who was policing the hallways to come before the Senate to indicate the logic. Ball will seek a clarification of the policy.

**GROUP ASSIGNMENTS FOR 2015-16 ASSESSMENT REPORT REVIEW**

Committee members will be paired together and assigned reports to review following the June 30 deadline. The committee will meet on Saturday, August 27 to discuss the process and status of the Annual Assessment Report review and completion of the evaluation rubric. More details will be provided in Spring 2016.

**OTHER**

Karen Kapusta-Pofahl has met with both the Women’s and Gender Studies and Study Abroad programs and has made progress towards developing Assessment Plans.

Nancy Tate and Vickie Kelly met with the Faculty Affairs Committee to propose restructuring the membership of the Assessment Committee from elected faculty to appointed faculty who have a more vested interest in assessment and would therefore be more active on the committee. The Faculty Affairs Committee denied the request. A new proposal is being submitted stating that elected faculty would serve a three-year term (change from current two-year term) and the terms would be staggered so that no more than one-third of the faculty membership would be eligible to rotate off the committee each year. In addition, a term limit will be recommended with the opportunity for a constituent group to waive the term limit, along with a stipulation that the VPAA reserves the right to ask for a replacement member if someone is not living up to the obligations of committee membership.

The meeting adjourned.

**NEXT MEETING:** Thursday, February 11, 2016 @ 2:30P – Lincoln Room

SUBJECT: Change Faculty Handbook - Modification of Assessment Committee Membership Tenure

Rationale: To guarantee long-term assessment expertise on the Assessment Committee and to allow Washburn University to invest in development activities for current and future committee members, the VPAA is recommending changing the committee membership terms from 2 years to 3 years. This proposed change will provide the ability to maintain consistent membership of dedicated faculty members to move the University forward in dealing with the increasingly important program and general education assessment issues facing all postsecondary institutions. Committee composition would not change significantly; although it would be reduced to one Library/Student Success representative and expanded to include Washburn Tech and the School of Law as well as the assessment coordinator. Membership would continue to reflect the current representation of the academic units.

Description:

*Current Faculty Handbook Wording (Section One, VII.D.1.)*

Members include one faculty member each from the Schools of Business and Nursing, two faculty members from the School of Applied Studies, one faculty member from each of the five divisions of the College of Arts and Sciences, one library faculty member, the Assistant Dean of Student Success and Retention, one Student Affairs staff member, and the president of the Washburn Student Association, or designee, as voting members and the Vice President for Academic Affairs, and the Executive Director of Planning, or their designees, as non-voting ex-officio members.

Faculty members (including the library faculty member) are elected by their academic units for staggered two-year terms. The Academic Advising and Student Affairs staff members are chosen by the VPAA in consultation with the Assistant Dean of Student Success and Retention and the Chief Student Affairs Officer.

The chair shall be elected from the elected faculty members of the committee by the voting members of the committee. A secretary shall be elected. Minutes shall be kept of all meetings and submitted to the secretary of the Faculty Senate for circulation to the Faculty Senate and through the Faculty Senate circulation list.

*Proposed Wording:*

Members include one faculty member each from the Schools of Business, Nursing, and Law, two faculty members from the School of Applied Studies, one faculty member from each of the five divisions of the College of Arts and Sciences, one representative from Washburn Institute of Technology, one library faculty member, the Assistant-Associate Dean of
University Libraries and Student Success or designee, one Student Affairs Life staff member, and the president of the Washburn Student Government or designee, as voting members and the faculty assessment coordinator, the Vice President for Academic Affairs, the Director of the Center for Teaching Excellence and Learning, and the Executive Director of Planning Strategic Analysis and Reporting or their designees, as non-voting ex-officio members.

Faculty members (including the library faculty member) are elected by their academic units for staggered two-three-year terms with a limit of two consecutive terms (six years). The Academic Advising and Student Affairs staff members are chosen by the VPAA in consultation with the Assistant Dean of Student Success and Retention and the Chief Student Affairs Officer. This term limit can be waived by majority vote of the constituent unit. The Student Success and Student Life staff members are appointed by the VPAA in consultation with the Dean of University Libraries and the Vice President for Student Life respectively. Because this committee is critical to the continued accreditation of the University, strong commitment by committee members is required. Should a member fail to uphold the required responsibilities to the committee, the Vice President for Academic Affairs may request a new member be elected by the constituency.

The chair shall be elected from the elected faculty members of the committee by the voting members of the committee. The committee will be chaired by the faculty assessment coordinator. Minutes shall be kept of all meetings and submitted to the secretary of the Faculty Senate for circulation to the Faculty Senate and through the Faculty Senate circulation list.

SUBJECT: Faculty Door Policy

Description: Faculty members with offices in Morgan Hall have been told they may not post anything on their office doors. The General Faculty requests clarification on the policy and supports a policy that allows faculty members to post signs, images, etc., on their doors.

Rationale: Some faculty members to whom this (apparently unofficial) policy applies have objected to it. It is unclear who has made this decision or why, and the General Faculty would ask the Administration to make clear what the policy is, as well as the reason for it. The reasoning would be helpful in possibly finding an alternate solution to whatever problem the posting on office doors is thought to cause.

Further, the General Faculty expresses support for a policy that allows faculty members to post signs, images, etc., on their office doors. Not only does it allow faculty members the freedom to express themselves and individualize their spaces, but it also lends a college “feel” to the hallways of our buildings, as opposed to their having a sterile aesthetic.

Recent academic literature points to the importance of employees’ control over their workspaces. A few such studies are listed here.

Financial Implications: None.
