VIII. Old Business:
• 16-1 Honors Tiered System; this item was presented by Michael McGuire, Director of the Honor’s Program. Petersen asked if the designation appeared on the student transcript; McGuire said that it would though he wasn’t aware about exactly where it would appear. Wohl asked about what he meant by “High Honors Service.” McGuire said that they needed 100 hours of involvement. Ball noted that tracking is needed. Routsong wondered who would track this. McGuire said he would oversee it through the student honors council. The Agenda item was passed.

• 16-2 LE Certificate-Baccalaureate Options was presented by Michael Gleason, Director of the Leadership Institute. Petersen wondered about the credit hours required of the associate degree as the certificate may ask students to have too many hours. Gleason noted that many of the hours could come from cross-listed courses that are currently part of the AA program the student is pursuing. The Agenda item was passed.

IX. New Business:
• Moddelmog proposed we move the International Education Committee Minutes to New Business to discuss the new funding policy passed at that meeting; the Senate approved. The funding had been changed to be less inclusive of all international activities/trips by faculty members unless they present at an academic conference while abroad. Petersen wondered if we should move this as a motion to reconsider the change. Ball said he could make that motion if he wanted to. Petersen noted that there are unknown pieces of this discussion that we are not privy to; he noted that we could invite the chair of the international committee to come talk to us about the decision making process. Russell said we could both talk to colleagues as well, but also ask the committee chair about the change. It was decided that Ball would e-mail Baili Zhang, chair of the International Education committee to invite him to the next meeting of the Senate in October.
