

# ThomasNet

## WHAT IS THOMASNET?

- *Thomas Register of American Manufacturers*
- Directory of industrial buyers and manufacturers on a national, regional, and local level.
- Basic company & financial information is available, plus a link directly to each company's web site.

## WHERE DO I FIND THOMASNET?

- Connect to Mabee Library at <http://www.washburn.edu/mabee/>. (Off-campus users will need to enter their name and Washburn Identification number located on their Washburn ID)
- Select *Electronic Databases*, then look in the Alphabetical List for *Thomas Register of American Manufacturers* (or look in the Subject List under *Business & Economics*).

## HOW DO I START SEARCHING?

- Select which type of search you wish to use: Product/Service, Company Name, Brand Name, or Industrial Web. A description of each category is available directly below the search boxes.
- Enter search term(s) and click Search.
- If unsure what terms to use to find a product or service, use the "Browse Category" feature.

The screenshot shows the ThomasNet website interface. At the top, there's a navigation bar with 'Home', 'Browse Categories', 'My Business', and 'Contact ThomasNet'. Below this is a search bar with a dropdown menu for search categories: 'Product/Service', 'Company Name', 'Brand Name', and 'Industrial Web'. The 'Product/Service' category is selected and circled in red. To the right of the search bar is a 'Search' button. A red box with an arrow points to the search bar with the text 'Enter search term(s) and click Search'. Below the search bar is a 'Search for:' field and a dropdown menu for 'All States/Provinces'. A red box with an arrow points to the 'Browse Categories' section with the text 'ThomasNet provides categories to browse if you're unsure what term(s) to use.' The 'Browse Categories' section lists various industrial categories such as Adhesives & Sealants, Automation & Electronics, Chemicals, Custom Manufacturing & Fabricating, Electrical & Power Generation, Services, Engineering & Consulting, Hardware, Instruments & Controls, Machinery, Tools & Supplies, Materials Handling, Plastics & Rubber, Process Equipment, and Pumps, Valves & Accessories.

- Review the results page carefully (see next page).
- Middle portion of the screen lists the results of your search – This is a national list covering all U.S. states and Canadian provinces.
- Left portion of the screen allows you to narrow your search to a specific state, or (lower) to narrow it to a more specific local location (EX: to within 100 miles of zip code 66621)
- Right side of the screen allows you to modify your search using related categories that either broaden or narrow your search.
