Prior to 2019, full-time=1.0, part-time and adjunct are based on contracted FTE.

From 2019 and forward, FTE is calculated by full-time + part-time/3. This is due to changes in the way the data is being gathered as well as changing to follow IPEDS FTE calculation methodology.

Employees with two or more skill codes are not counted twice. If an employee's primary position is not faculty, but their secondary position is, they would not be counted as faculty here. Again this is to conform with IPEDS methodology.
