

September 8, 2022

Good afternoon!

I am excited to announce the Leadership Profile is now posted. On our Presidential Search webpage, [Presidential Search | Washburn University](#), you will find the link to the profile and job description.

Thank you to everyone who participated in a listening session or sent comments to WittKieffer. Your time and attention helped in developing the profile and we are pleased with the result. They understood what we all know, which is Washburn is a special place and we offer a great opportunity for the next president.

WittKieffer has begun their work to attract quality candidates. The advertising will take approximately two months, so you will not likely hear another update until the beginning of November.

Best wishes as you begin the semester!

Shelly Buhler, Chair  
Washburn University Board of Regents
