

Family and Human Services

Fast-Track your Career

Earn your Bachelor's and Master's degrees in just 5 years!

Fully online options available

Our Addiction Counseling curriculum is **nationally-approved** and meets licensing educational requirements in many states.

In order to help meet the serious workforce crisis in addiction counseling, we proudly offer a Fast-Track option to help students save both time and money as they prepare for a meaningful career to serve people in their community. Motivated students can earn a **combined** Bachelor of Applied Science in Family and Human Services/AC and Master of Arts in Family and Human Services/AC **in just 5 years**.

You will be eligible to **graduate with the Bachelor's degree after 4 years**, so that you can apply to become a Licensed Addiction Counselor and enter the professional workforce while you are finishing up one more year of courses for the Master's degree!
