

Computer Information Sciences

Freshman Scholarship Application

Scholarships will be awarded based on High School GPA and ACT(SAT accepted) scores. Consideration will be given to academic and personal references with respect to computing ability as well as participation in extracurricular activities and organizations. To be considered, you **must** also be accepted at Washburn University before deadline of February 17, 2023. To remain eligible, you **must** declare a major in Computer Information Sciences and be enrolled in at least one CIS course at Washburn University each semester.

Your Name: _____
