

Valid for students starting at Washburn prior to Spring 2026; Expires Summer 2031

This worksheet is provided to give students an outline of the requirements needed to complete a BA degree in Economics from Washburn University. This worksheet should not replace processing a degree audit, which is a more thorough examination of requirements completed and those that are still needed.

<b>Electives</b> (51 hrs. or enough to reach 120 hrs.)	
<b>Selection of Elective Courses:</b> There is a great deal of room in the Economics major for electives. It is our recommendation that students consider adding a minor/major in Mathematics, Political Science, Public Administration or a related field of interest to their Economics degree program to enhance their marketability upon graduation.	
<b>Upper-Division Electives</b> (minimum of 27 hrs. to meet required 120 hrs.)	
<b>General Electives (upper- or lower-division)</b> (24 hrs.)	
<b>Additional BA Requirements</b>	
99 Hours from College of Arts & Sciences (Economics included)	
80 Non-Economics Courses	

**\*Please Note:** All prerequisite and required courses must be taken for a grade and completed with a C or better. Students who advance enroll, then later do not complete the course with a C or better, must withdraw from any course that requires that prerequisite. The best practice is to complete 100-level courses before 200-level, which should be completed before 300-level, which should be completed before 400-level courses.

Valid for Catalog Years 2025-2026; Expires Summer 2031

Following this recommended schedule ensures BBA degree completion in four years. This worksheet does not replace processing a degree audit, which illustrates the completion of specific degree requirements on an individualized basis.
