Graduate Program Information
June 29, 2015

All graduate programs require a bachelor’s degree from an accredited institution. Follow Steps 1 and 2 below for all programs except those offered by the School of Law (see the School of Law website for information on the JD, MSL and LLM degree programs).

**Step 1** – Complete the online WU application (no application fee is required for the WU application). International students should complete the international admissions application.

**Step 2** – Complete the program application and send all official transcripts from other institutions attended, the program application fee, and all other required items to the graduate program.
