1. In addition to this application, submit your **resume** in which you list and describe your most important scholarships, awards, and /or experiences pertinent to an Honors program. Include references on your resume as well.
2. The Washburn University Honors Program emphasizes reflection, thought, and action as pillars of a well-rounded education. In an essay of approximately 500 words, utilizing standard essay conventions, answer one of the following questions:
 - What idea, invention or scientific discovery most changed the way people experience the world, and why?
 - OR
 - What current idea, recent invention or scientific discovery has the most potential to significantly impact the way we experience the world, and why?

Submit via email (honors@washburn.edu) or print and mail to:

University Honors Program
