

Hello! My name is Shiori Saeki and I'm from Tokyo, Japan. I like sports, especially basketball. In my free time, I play basketball with my friends at the gym. I also love watching TV, traveling, cooking, and talking with friends. I've been in Washburn since fall 2019 and majoring in business. When I first entered university, I faced various difficulties, but I was able to overcome them with the help of many people. I participated in PAIS because I also wanted to help many people. I love everyone I met at Washburn. I want to get to know more people. I am looking forward to seeing you on campus! Don't hesitate to talk to people and ask any questions. The people in Washburn are very nice! I hope you enjoy your life at Washburn!
