Each year, FAFSA selects students for the process of verification. Verification requires the college you attend to review and confirm the information reported on your FAFSA. To verify this information, we must compare your FAFSA with the information on this worksheet and other required documents. If there are differences, your FAFSA information may need to be corrected.

Carefully read the instructions and provide responses to all applicable sections. Please note, additional information may be required once your worksheet and documents are submitted.

The verification process takes at least 2 weeks to complete after all required documentation has been received. Any documentation submitted between July 1, 2022 and August 31, 2022 could take longer to process.
