

Summary

In sum, suspensions have declined to less than 10 per semester, and are holding steady. Our participation rates are holding strong, even while the number of eligible students continues to hit new highs and the number of STAR participants continues to hold steady. Over the last seven terms, STAR has succeeded tremendously in getting more and more students back on track. Without our help, almost 40% of students on Warning or Probation were being suspended before Fall 2015. Further evidence of the efficacy of the STAR Program is that non-participants continue to see GPA declines and get suspended at higher rates.

However, the STAR Program’s capacity appears to continue to plateau in terms of the raw number of students that one Coordinator can help. As we anticipate growing numbers of STAR-eligible students in the future, increasing the proportion of students who return to Good Academic Standing and raise their GPA may require additional personnel.
