Dept. of Educ. (If course relates to teacher certification program.)			
Dean	<u>Carson McGovern</u>	<u>Approve</u>	<u>10/16/10</u>
Curriculum Committee	<u>[Signature]</u>	<u>Approve</u>	<u>10/22/10</u>
Accepted By CFC	<u>[Signature]</u>	<u>Approved</u>	<u>11/3/10</u>
CAS Faculty	<u>BDMJ</u>	<u>Approved</u>	<u>Dec. 9, 2010</u>
Approved By:	Faculty Senate _____	University Faculty _____	WU Board of Regents _____

**General Information:** Change  Deletion

1. Reason for this program change or deletion?

**The B.S. Degree in Clinical Laboratory Science, which is currently advised by the Biology Department (College of Arts & Sciences), is being deleted from the WU Catalog so that a new B.H.S. Degree in Clinical Laboratory Science can be formed within the Department of Allied Health (School of Applied Studies). This is a natural move as the SAS is better equipped to manage the contract negotiations with the University of Nebraska Medical Center (UNMC), which provides instruction for the CLS-specific coursework for WU students. Furthermore, the duties of the CLS Program Coordinator, as described in the UNMC contract, are both numerous and time-intensive and the Biology Department does not have sufficient resources to take on this position. Logistically, it also seems much simpler to delete an existing program and add a new program rather than determining ways of transferring the program from CAS to SAS. This is especially true as the coursework in the newly proposed curriculum in SAS is quite a bit different from present curriculum in CAS. Members of both the CAS and the SAS administration met with the VPAA who suggested this might be the best approach to take.**

2. Complete revised description (including program title, requirements, courses within program, credits, and prerequisites)

N/A

**Deletions**

3. Is the program being deleted from the catalog being replaced with another program? Yes  No   
If so, please explain.
