Dear Tom--

It always elates me to hear from you--so many recollections spring into being....

About using a tape of my talk for your course in the Ind. Study Division--I do give my permission. I hope the tape will help.

This is brief because I just got back from a circuit (Texas, Michigan, Tennessee) and am poised for another (out West here first and then into Indiana), and must ready myself.

All the best to you and our circle.

Adios--

Bill Stefford
