

Washburn University and Washburn Tech previously signed and returned to the Department of Education the [Funding Certification and Agreement](#) Emergency Grants to Students under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. By drawing down the funds from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) and American Rescue Plan (ARP), Washburn University and Washburn Tech agreed to the terms and conditions. During this quarter, Washburn was notified of the HEERF III (ARP) allocation. This increased the total amount to provide Emergency Financial Aid Grants to students from \$4,500,174 to \$11,707,322. Washburn and Washburn Tech intend to fully utilize the amounts provided. Plans for utilizing these additional funds are in progress.

In order to accomplish this, a block grant of \$500 was provided to 275 in April 2021. Criteria used to determine recipients is shown below under Spring 2021 CARES Block Grant.

The remainder of CRRSAA funds were utilized in a block grant processed in May 2021. 5,109 Washburn University and 1,030 Washburn Tech students may have been eligible to receive CRRSAA funding. 3,989 Washburn University and 348 Washburn Tech students met the institutional criteria to receive funding. Criteria to determine student grants is shown below under Spring 2021 CRRSAA Block Grant.

In June 2021, a block grant of \$500 was provided to undergraduate students with a 0 EFC that were enrolled in 9 hours or more in the Summer 2021 semester.

Subject: Grants Awarded to students Through Coronavirus Response and Relief Supplemental Appropriations Act

Greetings Ichabods,

Congratulations on finishing strong with your spring semester. If you have not already, I encourage you to meet with your advisor and get enrolled for fall.

This past spring, Washburn received approximately \$2.25 million in additional funding through the Coronavirus Response and Relief Supplemental Appropriations Act(CRRSA). After reviewing the regulations and guidelines, grants were awarded last week through this funding. All post-secondary, degree seeking students who were enrolled in 6 or more hours at the end of the spring 2021 semester received some additional funding. CRRSA grants range from \$125-\$1000 and were distributed Thursday, May27th.

In addition to the above funding, Washburn will be receiving approximately \$7 million in appropriations through the American Rescue Plan (ARP). We are currently reviewing the regulations and guidelines to the ARP grant and will most likely distribute sometime early fall. We look forward to seeing you on campus this fall, back in the classroom face-to-face and enjoying the full slate of activities that Washburn is scheduling for you. As we prepare for the fall we continue to support you in your pursuit of your educational goals and encourage you to get enrolled if you have not already.

Enjoy your summer and Go Bods!
